TWELVE PAGES—THREE CENTS

INSURANCE OF CROPS FAVORED BY ALF LANDON

Will Approve Any Well Considered Approach To Problem

Topeka, Kas., Sept. 21.—(P)—Gov. Alf M. Landon heralded a week of farm belt campaigning tonight by advocating "full consideration" of crop insurance and expressing approval for "any well considered approach" to the problem.

The Republican nominee's views were given in a press conference on the eve of a mid-west political swing and on the heels of a statement by President Roosevelt directing committees to work out plans for "all risk" crop insurance and a program to combat drought on the great plains.

Promptly, in response to questions about his Democratic opponent's position, Landon told reporters he was making "immediately available" two paragraphs from the farm speech he will deliver in Des Moines, Ia., tomorrow night.

"This is what I had written in my farm speech days ago and what I had discussed with farm leaders for many months," he said. "I am glad to see any well-considered approach to crop insurance."

Then the nominee passed around copies of the two paragraphs, already typed. The excerpt, which he said would remain in the speech, follows:

"I am going to mention a subject that is in neither platform—crop insurance. It is a question in which we have long been interested in Kansas. In fact, some of our Republican leaders in farm legislation have been in the forefront in working on it."

"We realize that there are difficulties; but insurance companies are writing policies today covering risks that they didn't consider feasible a few years ago. I believe that the question of crop insurance should be given the fullest attention."

The governor had been advised of the president's statement last night but at that time had no comment as he worked with two farm advisers—representative Clifford Hope of Kansas, head of the national committee's agricultural division, and Earl H. Taylor, Hope's assistant.

R.H. Ickes Cannot Drive His Auto

Haverhill, Mass., Sept. 21.—(P)—An automobile accident nine days ago tonight cost Robert H. Ickes, adopted son of the Secretary of the Interior, Harold L. Ickes, temporary loss of the right to operate an automobile in Massachusetts.

But shortly after registrar of motor vehicles suspended his license, Ickes, now employed on a federal relief project in nearby Winchester, declared:

"I have no intention of driving my car in Massachusetts any longer. It is up to me in a garage and it is going to stay there."

Goodwin said his inspectors found Ickes "entirely to blame" for an accident here Sept. 12 in which five persons claimed injuries.

Only a month ago, Ickes, who was graduated from an Illinois college in June, was acquitted of a charge of driving while under the influence of liquor. At that time his father charged police were "persecuting" his son.

EARTHQUAKE SHOCK

Reno Nev., Sept. 21.—(P)—A moderate earthquake shock which rattled dishes in Winnemucca, Nev., 167 miles northeast of here, but did no material damage, was recorded on the University of Nevada seismograph here.

Prof. Vincent P. Gianella, seismologist, said today:

"This 'kriegerbeben' (order to take part in war), as it is headed, is causing admitted anxiety, especially among the older men who themselves experienced the horrors of the World War."

Outwardly they display enthusiasm, but in private, confidential conversations, their beliefs are often quite different.

With Prussian exactness, the order specifies even the barracks in which the recipient is to report, what he is to bring with him in the way of clothing, what he is to do in case he means while changes his residence, etc.

The order is a blue sheet of paper, eight by five inches. Written crosswise on the face of it are the words: "This order serves in lieu of a ticket on the railways to the point where the addressee must report."

REPORT DECREASE

Chicago, Sept. 21.—(P)—The publication "advertising age" reported today its index of retail activity showed a decrease of 1.8 per cent in retail advertising for the week ended Sept. 12, compared with the same week a year ago.

It was said to be the first decrease shown in 29 weeks.

The figures showed that in 67 cities measured retail advertising volume for the week totaled 17,260,469 lines, compared with 17,585,673 lines during the corresponding week of 1935.

WILL LIVE TO BE 100

London, Sept. 21.—(P)—Dr. A. Eugene Austin, personal physician to John D. Rockefeller, Sr., believes the American financier will realize his ambition to live to be 100 years old.

"At 97," Dr. Austin said, "Mr. Rockefeller is alert, active and keenly interested in worldly affairs. He is 20 years younger than his age."

Spanish Masterpieces Go Up in Smoke

The dismaying loss of life in Spain's civil war is rivaled only by the tragic destruction of the priceless art treasures at the hands of anarchist vandals. Raiders stand complacently by while flames lick at a fortune in masterpieces stripped from churches in Barcelona.

Former Big Ten Track Captain Commits Suicide

Arthur H. Laemmle Found Dead in Room from Knife Wounds

New York, Sept. 21.—(P)—Arthur H. Laemmle, 31, of Watertown, S. D., former University of Minnesota athlete, was found dead from knife wounds in a Columbia University dormitory today with two bloodstained razor blades and a souvenir dagger at his side.

Police said they found a note in Laemmle's room indicating that he planned to kill himself. They also reported finding a sum of money in the room amounting to "hundreds of dollars," as well as medals attesting proficiency in football and basketball.

Laemmle arrived here Sunday to register for a post-graduate course at the university where he had studied in the summer of 1935.

The note, police said, asked that certain bills be paid and that his personal effects be given to a brother, John J. Laemmle, of the University of North Dakota, a sister, Mrs. S. C. Brayton, of Minn. and Edith M. Miles of the Henry Street Settlement here.

Watertown, S. D., Sept. 21.—(P)—Arthur Henry Laemmle, whose body was found in a room of a Columbia University dormitory in New York City today, was a former track captain at the University of Minnesota and Big Ten conference heavyweight boxing champion, friends here said today.

Laemmle, who left here last Friday to enter Columbia University, had been instructor in biology in Watertown high school for the past seven years, following his graduation from Minnesota.

German Men Have Orders Where To Report for War

Millions Between Ages of 25 and 45 Have Received Secret Order

Berlin, Sept. 21.—Millions of Germans between the ages of 25 and 45 are carrying in their vest pockets a secret order telling them exactly when and where they must report in the event of war.

This "kriegsbeben" (order to take part in war), as it is headed, is causing admitted anxiety, especially among the older men who themselves experienced the horrors of the World War.

Outwardly they display enthusiasm, but in private, confidential conversations, their beliefs are often quite different.

Negro Confesses Spaniards Bombed Newspaper Plant

Arthur H. Laemmle Found Dead in Room from Knife Wounds

Havana, Sept. 21.—(P)—A Cuban Negro, responsible sources said tonight, confessed his own participation and named a group of Spaniards in Havana as the "intellectual authors" of the dynamiting of the newspaper El Pais in which four persons were killed Sunday.

He was reported to have made the statement after almost 24 hours of continuous questioning by police. A white man—another Cuban—was questioned along with the Negro but refused to admit any part in the dynamiting.

Another development which brought the Spanish radical theory to the fore was in informal statement by a police official in which the officer said that the investigation was "progressing" and that "we are making more arrests right along, especially among Spanish Socialists."

The Negro was said to have related a complicated story of dealings between professional Cuban Terrorists and Spanish Radicals.

He said he knew a group of Spanish radicals in Havana had put aside \$5,000 for the purchase of trucks and dynamite. Approximately \$4,500 of the money was spent for that purpose.

The money, according to the Negro's statement, was paid by the Spaniards to the leader of a Cuban Radical secret Terrorist organization. He gave the leader's name—the name of a man with a long record of bombings charged against him but who has repeatedly evaded police traps.

The Negro said he was paid a small sum of cash by this man and ordered to drive the truck to El Pais and park it. The Negro claimed the leader told him he would be killed if he failed to comply with orders.

H. G. Wells Won't Advertise His Age

The writer, today turned 70 just a bit wistful.

"I don't want my birthday advertised," he said, "haphazard statements made in an interview go round and round the world and are eternally quoted against me."

"The things which I have said in my books, relatively speaking, never get quoted."

A flood of congratulatory messages were received by the pink-cheeked and seemingly indefatigable writer.

"It is not true," he chuckled. "It is a false report spread about by that fellow Shaw (George Bernard Shaw) to disguise his own age."

Shaw was 80 years old last July 25.

Wells has written his own obituary predicting his death at 97.

DENIED NEW TRIAL

Aledo, Ill., Sept. 21.—(P)—John H. Collins, New Boston lock port foreman convicted of the slaying of Roger Johnson, 19-year-old Keithsburg youth, was denied a new trial today by Judge Leonard E. Tollen, who sustained a 14 year sentence imposed on Collins.

Defense attorneys were given 90 days in which to file a bill of exceptions.

Collins was charged with murdering Johnson with a shotgun April 21 after the youth had acted as chauffeur for Mrs. Collins on a trip to California. He pleaded innocent and was convicted Aug. 13.

REAL ISSUE

Milwaukee, Sept. 21.—(P)—A. C. Wharton, president of the International Association of Machinists, said today the real issue behind the dispute in the American Federation of Labor over industrial reorganization is the desire of John L. Lewis to dominate the labor movement.

In a speech opening the 19th international convention of the Machinists' Union, Wharton said both industrial and craft unions have functioned side by side within the Federation and would continue to do so if it were not for Lewis' tactics.

ONE DAY CENSUS

Moscow, Sept. 21.—(P)—Russia, with its officials' penchant for the spectacular, is going to try to count all its inhabitants in one day.

There are 1,200,000 registrars already being trained by 120,000 instructors for the third All-Union census, to be taken January 6, 1937.

Experts believe the population will exceed 175,000,000, still far short of Russia's pre-war population.

PHYSICIAN DIES

Canton, Ill., Sept. 21.—(P)—Dr. Theodore C. Hays, 71, a practicing physician here for 40 years, died at his home early today after a two years illness.

Dr. Hays was formerly professor of gynecology and obstetrics at the Keokuk, Ia., College of Physicians and Surgeons, where he was graduated in 1889. Funeral services will be held Wednesday.

OLD ALCAZAR FORTRESS IS PILE DEBRIS

Spanish Government Forces Wreck Building

Toledo, Spain, Sept. 21.—(P)—The last remaining tower of the old Alcazar Fortress crashed in a pile of debris tonight under the artillery fire of Spanish government forces preparing for a final assault on the besieged Fascists who have held out for 62 days.

Carefully aimed shots from two six-inch artillery batteries to the north and east caught the tower squarely in the middle. The gun crews, elated by their success as the rocks tumbled down, quickened their fire on the wreckage of the old military school.

Government leaders gave no indication of when they planned what they expected would be their last attempt to drive out or kill the Fascists in the Alcazar, now a shapeless mass of gaping wall and debris behind which the insurgent machine gunners could find good cover.

Their forces wearing to the point of exhaustion by three days of incessant fighting, the government leaders at the last moment delayed their planned dawn attack today.

The government militiamen sprawled on floors in the deep of exhaustion—but there was no rest for the men, women and children still alive in the Alcazar.

There were 1,700 who first took refuge in the ancient fortress. How many still live after the bombardments and explosion of two tons of dynamite, no one professed to know.

The women and children, it was believed, were herded into the dank underground dungeons beneath the fortress crumbling walls.

Only one thing appeared certain—the male defenders still alive within the citadel would die rather than surrender and be executed as the government assumed they would be.

Their machine guns hot from almost steady firing during the last three days, the garrison's defenders tonight were subjected to another artillery bombardment.

As the government militiamen laid aside their rifles to eat and sleep, their artillerymen reopened fire.

New gasoline fires were started in various parts of the Alcazar by groups of government militiamen still on duty.

1940 Election May Be Finale Coughlin Says

Declares Evils of Modern Capitalism Must Be Eliminated

St. Louis, Sept. 21.—(P)—The Rev. Charles E. Coughlin said today that "1940 is the last general election we'll ever have unless the evils of modern capitalism are immediately eliminated."

Democracy, he told a press conference, "is killing itself from within."

The remedy, he added, are the payment of an \$1,800 minimum annual wage to workers in the mass production industries and the abolishment of what he termed the "private issuance and control of money."

A reporter asked whether, if he had to make a choice, he would "choose Communism or Fascism."

"I could never choose Communism," he replied. "I am fighting both Communism and Fascism in the hope of saving Democracy."

In response to additional questions, Father Coughlin said he favored the principle of the Townsend plan but thought it "mathematically impossible" if a "living annual wage" were paid during the worker's working lifetime, he said, there would be no problem of old age security.

Asked whether the Vatican had restricted his activities in any way, he replied:

"It has not, or I wouldn't be here today wearing this." He pointed to his Roman collar.

Father Coughlin arrived in St. Louis today from St. Paul. He will deliver an address tomorrow night before a rally of Missouri members of the National Union for Social Justice. On Thursday, he plans to speak in Cincinnati, and Saturday in Philadelphia.

MINNEAPOLIS CHAIN STORES CLOSE DOORS

Impossible For Them To Obtain Adequate Supplies

Minneapolis, Sept. 21.—(P)—Thirty-three chain stores were closed today as conferences were carried on to seek settlement of the labor dispute between wholesale grocers and truck drivers which store officials said had made it impossible to obtain adequate supplies.

Meanwhile, Robert Mythen, a federal conciliator, prepared a proposal he hoped would end the strike of flour, feed, cereal and elevator workers, like the truck strike a fight for union recognition. Both disputes are in their second month.

Closing of the chain stores, their managers said, added more than 250 workers to the 275 union officials previously estimated were involved in the truck strike, called by General Drivers Union No. 544. Twenty-five stores with 200 employees operated by the C. Thomas Company did not open for business today. Eight shops of the Quality Foods, Inc. closed last week.

Representatives of both sides conferred on the truck strike gave no indication whether they had made any progress toward settlement. Mythen declined to disclose provisions of his proposal agreement in the milling dispute. Trade publications set the number involved in this walkout at approximately 3,000.

Two mills continued operations resuming last week despite the milling strike. Officials of the Arch-Dan-les-Midland Company lined plant scene last week of the first disorder of the long dispute, explained today in their weekly news letter that the plant was reopened because employees preferred the company council to the union.

A flour mill owned by the Washburn-Crosby Company also was operating.

Richman-Merrill Welcomed Back To Broadway

Transatlantic Fliers First To Cross Both Ways

New York, Sept. 21.—(P)—Harry Richman, the night club singer, and Dick Merrill, the aviator, flew home today to a Broadway welcome for the first men to span the Atlantic ocean both ways.

The trans-Atlantic fliers, who a week ago sloshed into a Newfoundland bog when their gasoline supply ran low, had to call on the services of a truck to pull their monoplane "Lady Peace" loose from mud-covered Floyd Bennett field, from where they hopped off for London Sept. 2.

They landed at the field at 1:18 p. m. (E.S.T.) and left immediately for Richman's Long Island estate and a planned tour of night clubs and restaurants where Broadway was expected to honor the singer and his pilot.

Captain Eddie Rickenbacker who flew in a rescue plane to aid Merrill and Richman at Musgrave Harbor, Newfoundland, landed at Newark airport late today and issued a statement regarded as an official explanation of the cause of the fliers' forced landing.

"A weather valve on the back of one of the gas tanks cracked open and drained out 190 gallons of gas," Rickenbacker said. "That was when Merrill was flying the ship out over the ocean near the Newfoundland coast."

"As he started to switch from one tank to another for a gas pickup, the tank 'conked out,' or died." Thus, loss of gasoline prompted the landing.

The "Lady Peace" left here at 2:37 p. m. (E.S.T.) Sept. 2. Seventeen hours and 33 minutes later it landed at Llynwelynn, Wales, about 175 miles from their goal, Croymor airport.

On Sunday, Sept. 13, at 8:03 p. m. (E.S.T.) they hopped from Southampton, England, and headed for New York. Fifteen hours and 17 minutes later they were forced down near Musgrave Harbor. The plane damaged, by its landing in a bog.

DAYLIGHT HOLDUP

Madison, Wis., Sept. 21.—(P)—Donald Booth, assistant manager of the P. W. Woolworth store here, was robbed of nearly \$2,000 by two gunmen in a daylight holdup on Capitol Square this afternoon.

Booth was accosted as he stepped from the store on the corner of Main and Monona streets, facing the state capitol building. He was on his way to the First National bank to deposit collections.

The holdup occurred within sight of scores of shoppers.

WANT VALUE CUT

Washington, Sept. 21.—(P)—The estate of the late Edith Rockefeller McCormick, Chicago, asked the board of tax appeals today to determine an alleged estate tax deficiency of \$444,175.

The disagreement between the estate and the treasury was over the valuation to be given certain parcels of real estate. The treasury placed their value at \$3,955,243.

Hopper, lay delegate from the local church said yesterday following his return from the Rock Island conference that it was understood that the church would be supplied from a conference other than the Illinois conference. The change will not be announced until that conference has its annual meeting.

SEES RECOUNT

Detroit, Sept. 21.—(P)—Representatives of the National Union for social justice came forward today to assist Louis B. Ward in the recount he demands of votes cast in the race for the United States senatorial nomination on the Democratic ticket.

Ward, who lost the contest to Rep. Prentiss M. Brown by fewer than 4,000 votes on the basis of unofficial returns, told Orville E. Atwood, secretary of state, the \$17,355 deposit needed for the state-wide recount in 3,467 precincts would be furnished by the Rev. Charles E. Coughlin, president of the National Union.

Thomas Foster of the Franklin community was among those transacting business in the city yesterday.

SELASSIE WINS FIRST VICTORY OVER ITALIANS

Ethiopian Delegates To League Are Seated Temporarily

Geneva, Sept. 21.—(P)—Haile Selassie tonight tasted victory, however temporary it might prove to be, over the representatives of Italy's Premier Mussolini.

Flying from London on a last-minute decision, the erstwhile "King of Kings" arrived to learn that representatives of his lost Ethiopian kingdom were sitting in the League General assembly.

Mussolini, whose Fascist legions wrested Selassie's empire from him had insisted that unless Ethiopia were barred from League discussions, Italy would stay away. Italian delegates did not attend sessions today.

The League credentials committee today approved the credentials of all delegations except that of Ethiopia. The committee said a special report would be submitted later on the status of Selassie's delegates.

Under this procedure, members of the committee said, the Ethiopians were entitled to sit in the assembly until they were officially ruled out.

The entire situation regarding Ethiopia was so complicated, one member said, it might have to be taken to the world court. Ethiopian delegates when they arrived for the League assembly declared that if they were barred they would take the case to the world court.

During the League council sessions preliminary to the assembly large powers and small powers were reported aligned against each other over disposition of the Ethiopian-

Tax Under Scrutiny

The Illinois retail occupational tax, intimately but not affectionately known as the sales tax by several million citizens, is again in the spotlight, due to the gubernatorial election campaign. C. Wayland Brooks, Republican candidate, took the issue by the collar and shoved it out into the open, so that the tax-paying public may again see just what it looks like after three years' operation. Mr. Brooks, like the great majority of citizens, isn't any particular friend of the sales tax and thinks that it should be eliminated at the earliest possible time. He has said so in all of his campaign speeches.

Mr. Brooks' assertions that the sales tax should be remodeled in spots, with its eventual elimination, immediately drew fire from its sponsor, Governor Horner. Even Big Bill Thompson, the Union Progressive banner-bearer, has got into the argument and says he has a plan to lop millions off the tax bill, but won't reveal what it is, just at present. It appears as though Brooks has started something, and the public should appreciate the forthcoming publicity directed at the sales tax, for it may mean revisions or other action that will help to lessen the tax burden.

Mr. Brooks is convinced that the tax should be reduced, and removed from food and other necessities of life. Governor Horner in defense of the sales tax has pointed out that it lifted the state tax from real estate, and has kept the state solvent through a trying time. In answer to Brooks' statements, or in explanation of the situation, the Governor has reminded the people that unless the law is amended, the tax will be reduced to two percent in January.

The public should welcome a full discussion of the sales tax business. Citizens have gone on for months paying three cents on every dollar, wishing and hoping that something could be done. If thoroughly aired during the present campaign, the sales tax may show some shrinkage that is not scheduled at the moment. Should the fight on the tax become hot enough, it may pass entirely out of the picture, with tokens (round and square) as expensive memories of a time when they were accepted as legal tender.

A Tax Survey

"How Many Taxing Bodies and How Much Government Do Taxpayers Need," is a question asked by the Association of Commerce of Decatur, Illinois, in making public an analysis of expenditures by minor governmental units of Macon county. The analysis might go unnoticed by many citizens who do not care to wade through a mass of figures, if it were not for one easily digested statement—that Macon county has 179 separate and independent boards, each clothed with the power of levying taxes. That is an eye-opener to the people of Macon county, and to citizens of all other counties, whose governments are more or less similar.

The tax survey of Macon county was made by H. S. Hicks, who said in his conclusion:

"If Macon county was located in any other state in the union such an absurd situation could not exist, and the laws of Illinois should be amended so that it no longer need exist here. Under the law as it stands today the only reduction which can be made in the number of taxing units in Macon county is to abolish 17 townships as taxing units. Laws which would permit a reduction in the number of school districts should be placed on our Statute book. Such legislation would harm no one and would provide an opportunity of saving many thousands of dollars of taxpayers money if the country chose to take advantage of the option."

Such surveys are illuminating, but they mean nothing if not followed up by action. Macon county's tax bill for next year probably will be as large, or larger than in the past. One county is helpless to remedy the situation, but with the majority or all counties clamoring for relief, the legislature would get busy and do some consolidating of taxing agencies that should produce beneficial results.

It's a Stunt, Now

Not so many years ago when an aviator took off from America for European shores, or foreign aviators tried to make the hop to this side, Americans were anxious as to their safety. The Journal and Courier used to receive a great many telephone calls during the course of a flight, from people wanting to know if "anything has been heard from the flier?" These calls have practically died out. The

average person no longer holds his breath in suspense when an airman or group of them attempt to span the ocean. The day has passed when a man can get any substantial number of headlines by flying the Atlantic.

The round trip flight to England of Harry Richman and Dick Merrill proved that Merrill is a capable airman, and that Richman is a talented night club singer. Beyond that, it was hardly a feat to excite much attention.

Both Sides of the Campaign

Congressman Charges New Deal's Farm Program Hurt America but Helped Other Nations

By Representative Francis D. Cushman, Assistant Director, Farm Division, Republican National Committee

The constructive farm policies offered to the electorate by Gov. Alf M. Landon, Republican presidential candidate, are simple and clear.

He proposes an effective soil conservation and erosion control program in connection with national land use and flood conservation. He proposes protection of the farmer in the right to all of the home market he can supply without creating injustices to the consumer. He proposes protection of the family type of farm in this country by such cash benefits as are necessary to cushion American farm families against the disastrous effects of price fluctuation, and to protect the American standard of living. He proposes relief to farmers from the drought and economic depression.

Contrast with this straightforward expression of what the Republican party is ready to do for the farmer, the inhuman and obstinate policy of the New Dealers, who destroyed food while millions were starving; who plowed under and restricted crops in pursuance of a policy declared unconstitutional by the United States Supreme Court, and who broke their solemn pledge to conserve the domestic market for the American farmer.

Under the New Deal, there has been an incredible increase in the importation of foreign farm products and a startling decrease in the sale of American farm products to foreign markets. Since President Roosevelt took office, importations of crude foodstuffs have increased 41 per cent and manufactured foodstuffs 49 per cent. Importations of wheat rose from 3000 bushels to more than 27,000,000 bushels, while importations of foreign corn jumped from 344,000 bushels to more than 43,000,000 bushels. In the meantime, exportations of American wheat to foreign countries dropped until in 1935 they were only a hundredth of what they had been before the New Deal, while exportations of flour decreased 42 per cent, meat products dropped 19 per cent, and lard 82 per cent.

Quotes Landon

According to the Republican candidate himself, even before the AAA was ruled out by the supreme court, it was rapidly disorganizing American agriculture. Some of its worst effects are:

"By its policies," says Governor Landon, "the administration has taken the American farmer out of foreign markets and put the foreign farmer into the American market. The loss of markets, both at home and abroad, far outweighs the value of all the benefits paid to farmers. Worse than this, from the standpoint of the public, is the fact that the administration, through its program of scarcity, has gambled with the needed food and feed supplies of the country. It overlooked the fact that Mother Nature cannot be regimented. The time has now come when we must replace this futile program with one that is economically and socially right."

As in other instances, the farm record of the New Deal administration speaks for itself. In the summer of 1933, the government paid farmers under the AAA to plow up 10,500,000 acres of growing cotton, or 25 per cent of the total acreage. The Bankhead cotton act of 1934, later repealed by the New Deal Congress, set a limit of 10,000,000 bales of cotton to be marketed by farmers from the 1934-1935 crop. The AAA retired approximately 36,000,000 acres of corn, wheat, cotton, and tobacco from cultivation, or one-tenth of the land in cultivation in the United States.

In the fall of 1933, the AAA destroyed 6,200,000 pigs and slaughtered 220,000 prospective mother sows, at a waste exceeding \$30,000,000. The total live weight of the pigs and sows slaughtered was 443,627,348 pounds. Of this, only 97,064,159 pounds, of food products were obtained. The rest was converted into inedible grease or fertilizer and was buried.

Slaps Roosevelt

Commenting on the criticism which destroying the pigs aroused, President Roosevelt, told a group of farmers in Washington on May 14, 1935, that "the crocodile tears, shed by the professional mourners of an old and obsolete order over the slaughter of little pigs and other measures to reduce surplus agricultural inventories, deceive very few thinking people, and least of all, the farmers themselves."

That the president was skating on thin ice when he made this argument is proved by government figures showing that America is faced today with sharp increases in the importations of both hogs and pork products. Importations of these commodities for the first five months of 1936 were about eight times greater than those for the first five months of 1935. Foreign producers are reaping the benefit of Mr. Roosevelt's wholesale hog slaughter.

Governor Landon says: "Our farmers are entitled to all of the home market they can supply without injustice to the consumer. We propose a policy that protects them in this right."

Precautions Will Prevent Falls and Other Accidents in the Home

BY DR. MORRIS FISHBEN

Editor, Journal of the American Medical Association, and of Hygeia, the Health Magazine

Ten million people are injured in accidents each year in this country. A hundred thousand are killed, and 370,000 permanently crippled. Most of the serious accidents occur on the highways, but many happen also in homes and workshops.

Of accidents that occur in the home, 40 per cent are falls; then come burns, scalds, and explosions. Others are due to asphyxiation or strangulation; and finally, there are all the cuts, scratches and bruises with which most of us are familiar.

The cost of these accidents, most of which are preventable, is tremendous. Indeed, the wage loss, medical expense, and overhead insurance due to injuries in 1934 are estimated at more than two and one-half billions dollars.

Of course, prevention is much better than cure. Many falls may be prevented by a reasonable amount of care. They are most serious to older people. For example, 77 per cent of the falls in which the victims were people 65 years of age and over, were fatal. Only 35 per cent of falls were fatal to people from 15 to 65 years of age, and only 18 per cent to those from 5 to 14 years old.

Falls of children up to 4 years of age were fatal in only 8 per cent of cases, because in children the tissues are soft and the danger, therefore, less.

It is interesting to learn that the most dangerous room in the house for

accidents is the bedroom. Thirty-nine per cent of the severe cases developed from falls which happened in the bedroom; 21 per cent in the living room; 11 per cent in the kitchen, and only 4 per cent in the bathroom.

In preventing falls, the stairs at home should always be provided with securely fastened rails, and should always be lighted. Small rugs should not be put at the head of the stairs or on landings.

If rugs tend to skid or slide on polished floors, a fruit jar rubber sewed to the bottom of the rug will prevent the skidding. Torn carpets on stairs are a dangerous hazard. Toys, brooms, and flower stands should not be laid on the stairs.

Grease or water on the floors should be mopped immediately.

In the bathroom there should be hand-holds within reach of everyone in the family for use in getting in or out of the tub or shower. A rubber mat on the bottom of the tub or shower will prevent slipping.

Ladders used in the home should be strong and capable of being locked into position before using. Home-made ladders are much more dangerous than purchased ones. The most common accidents on ladders result in injuries to the chin, broken teeth, and bitten tongues.

Prongs or spikes on the lower ends of the ladder will prevent slipping. Chairs, boxes, and tables are not safe substitutes for ladders. Every porch should have a flat floor, a good foundation, and a suitable railing.

ing at least 52 inches high. If railings are lower, an adult, leaning over, may lose his balance. Railings should be made so that children cannot climb them, and the slats should be close enough together to keep children from forcing their bodies through.

Many accidents occur from loose bricks, flower pots, milk and beer bottles left on window sills. Dead limbs on trees occasionally break off and injure people standing below. Icy sidewalks should be sprinkled with ashes.

LEONNAIRES ACT AS TRAFFIC COPS

Dixon, Ill.—(P)—Members of the local American Legion post—about 150—will be sworn in as special traffic police by the end of this week. Cal D. Tyler, city commissioner, said today, and given power to arrest violators.

"The city," Tyler said, "can't afford to hire more regular police or purchase squad car equipment to curb the traffic menace. The city council has approved the plan, and I expect to have it operating by the end of the week."

Disregard of ordinances requiring full stops before entering arterial streets, Tyler said, has caused many accidents in recent months. With re-opening of schools, he said the city is determined to remove all possible dangers menacing children.

Frosh Make High Grades in English

First Year Class at Illinois College Sets Record For Entrance Examination

The average grade in the Illinois College freshman entrance examinations in English this year is vastly superior to any level of similar examinations in the past six years, it was disclosed by college authorities yesterday. The average for the group is approximately twenty points above the usual mark.

Out of 151 students in the freshman class who have completed their examination to date, fifty-nine qualified for second examination as compared with thirty-one who qualified for the same test last year.

Last year fifteen of the thirty-one who took the second examination were excused from the freshman required English. This year twenty-eight have already been granted excusess from the first year work, and members of the Illinois College English department state that the grades on the tests in the second group have been so close that selecting the excused students has been made unusually difficult.

FAYE CAMPBELL ASKS DIVORCE IN PETITION

A petition asking the circuit court of this county for a divorce has been filed by Faye Campbell against Harold R. Campbell. The petition alleges desertion.

The petition, filed by Carl E. Robinson, Mrs. Campbell's attorney, asks a divorce, support for a five year old child, and custody of the child. The bill of complaint states that the couple was married in Jacksonville August 23, 1930, and separated July 15, 1936.

GOVERNMENT NURSE PASSES AWAY HERE

Miss Mary Catherine Flannery, a government nurse during the world war, died at 8:15 o'clock yesterday morning at a local sanatorium. Her home was formerly in New York city. The remains were removed to the O'Donnell & Reavy funeral parlors. Funeral arrangements will be made upon arrival of the decedent's sister from New York.

Four Persons Dead In Dynamite Blast; Push Investigation

Wreck 2 Buildings; Cuban Officials Think Spanish Residents Responsible

Havana.—(P)—Hundreds of prisoners jammed Havana's city jail today as police, aided by cabinet officials, pushed investigation of a dynamite blast which killed four persons and wrecked two buildings.

Informed authorities expressed belief the explosion was planned by Spanish residents who became angry over publication of Spanish civil war news in two Havana newspapers. The blast yesterday wrecked the plant of the newspaper El Pais. Police

Four persons were injured fatally in the explosion and at least 20 others were sent to hospitals. Only slight hope for recovery of some of the injured was expressed by physicians. In addition to the newspaper plant, the blast demolished the Catholic church Nuestra Senora de Monserrate across the street from the El Pais offices.

SPENCER DENIES HE IS COMMUNIST WORKER

Carl Spencer, local colored man, denied yesterday morning that he had any connection with the Communist party and that he was a candidate for office on that ticket.

Mr. Spencer claims his name has been placed on the Communist ticket without his permission. He also stated that he planned to file a formal complaint with the secretary of state, seeking to have his name kept off the ballot for the general election.

APPLE PACKING WORK SPEEDED UP IN SMITH ORCHARD IN GREENE

White Hall—The Smith Orchards located in the vicinity of Patterson and Hillview northwest of White Hall, and which operates a large packing house at Drake on the Alton railroad, near Patterson, is now working full blast harvesting the apple crop which is only about fifty per cent of last year's crop. Only one variety is pack-

ed at a time and Jonathans are now being packed. The Jonathans have not colored so well this year and are smaller than usual. Other varieties will be packed in the following order: Grimes Golden the latter part of this week, Red and Golden Delicious, Roman Beauties, Wine Saps, Willow Twigs, and Ben Davis. It will require about six weeks to finish harvesting the crop. There are thirty-five men and women employed in the packing sheds, beside the pickers and truck men in the orchards. There are seventeen women working in the packing house. Robert Eyer is manager of the orchard which is owned by Thomas Smith and Sons of Chicago. Glen Witty is packer boss.

K. of C. to Confer Honorary Degrees On 3 Local Men

State Officers to Be Present
for Meeting to Be Held
Here Thursday

Three Jacksonville men will receive the honorary degree of the Knights of Columbus, and three state officers will be present for the first meeting of the organization's Supper Club to be held Thursday night beginning at 6 p. m. The honorary degree will be conferred on the three men, John W. Merrigan, John Flynn and Owen E. Ryan, following the supper during the usual closed meeting.

Word has just been received by the officers of the local Council of the Knights of Columbus that Michael J. Howlett, State Deputy for Illinois will be present and also two other state officers, Wm. Rose of Springfield and Steve Benis of Lincoln, State Advocate and State Warden.

Although the State Advocate and State Warden have spoken at previous Supper Club meetings, this is the first time that the State Deputy, who is the head of the Order in Illinois, has been a speaker, and Thursday evening will also be the first time that the Council has been able to secure the presence of three state officers at one time. The fact that this has been ac-

complished speaks highly of manner in which Jacksonville Council is regarded by the state officers of the Knights of Columbus. The supper will be open only to members and prospective members.

A large delegation of Knights is expected from nearby Councils, as delegations from Springfield, Lincoln, Carrollton and Beardstown have already made reservations.

The chairman of the supper committee is Bernard Reavy, chairman of the ticket committee is Joseph P. Hosp, financial secretary of the council, and Francis Ferry is in charge of the Memorial Degree committee.

Ruth Bryan Rohde Will Not Be Here For Campaign Talk

Change Schedule of Former U. S. Minister; Arrange Beardstown Address

Mrs. Ruth Bryan Owen Rohde, the first woman to represent the United States in a foreign country, who is making a cross-country campaign for re-election of President Roosevelt, will speak at Beardstown at 2 p. m. next Saturday afternoon, Sept. 26. The engagement replaces a previously announced appearance in Jacksonville on the same date.

Morgan county Democratic headquarters were advised of the change in schedule by the women's division headquarters of the Democratic National Campaign committee. Local Democratic officials said the change in plans probably was due to the fact that United States Senator James Hamilton Lewis is scheduled for an address here next Saturday.

The Senator Lewis meeting will take place at 8 p. m. Saturday at the high school auditorium. Other speakers on the same program will be John Stille, candidate for lieutenant governor; Edward Barrett, Otto Kerner and Lewis Long, other state candidates.

Mrs. Rohde is traveling during the campaign by trailer. It will be remembered that before she was appointed Minister to Denmark, she was one of the first to travel by trailer, and visited Denmark, going into hamlets and villages throughout the country. She will be accompanied by her husband, Captain Boerge Rohde of the Court of King Christian X, on her midwestern tour.

District Board Meeting Will Be Held Wednesday

The September board meeting of the District Federated Woman's club will be held Wednesday at the Colonial Inn instead of the D.A.R. chapter house, as previously announced.

The morning session will begin at 11 a.m., with luncheon at 12:30 o'clock. Reports will be on plans and projects for the coming year. Mrs. Clarence Skeel, district president, has requested that reports of chairmen be not longer than two minutes. There will also be an afternoon meeting.

Mrs. Fanning Hostess to Ladies at Nortonville

The South Side Community club of Nortonville met Friday afternoon at the home of Mrs. Warren Fanning, with Mrs. Lionel Seymour as assistant hostess. Sixteen members and three guests, including Mrs. Walter Brown, Mrs. Sophia Peak and Miss Dorlene Kelly, were at the meeting. During the business session arrangements were completed for the club institute to be held October 7 at the Nortonville hall.

A paper on "The History of Sugar," prepared by Mrs. George Robinson, was read to the club by Mrs. Lawrence Seymour. Another paper, "Bees and Their Work," was given by Mrs. Ernest Henry. Members answered roll call by naming a food containing sugar or honey.

The club was entertained with several ukelin numbers by Mrs. Ernest Henry and Mrs. Lawrence Seymour. Mrs. John Jones was in charge of the social hour, several contests being enjoyed. Prizes were awarded to Mrs. Ernest Henry and Mrs. Henry Whitlock.

The next meeting will be held Oct. 2 at the home of Mrs. Jasper McNeely, with Mrs. John Jones as assistant hostess.

Ask Communists Be Kept Off Ballots

American Legion Makes Request; Hearing Friday

Springfield, Ill.—(P)—The American Legion's request that the Communist party again be denied a place on the Illinois ballots is scheduled for consideration this week by the state certifying board.

Secretary of State Edward J. Hughes said the board, with the governor and the auditor as the other members, probably would meet Friday.

With the Legion claiming that many of the Communist petitions were invalid because of the allegedly forged signatures, it was predicted that the ticket would be thrown out. That was done in 1934 on a Legion protest.

State house opinion was that the four other third parties—Union Progressive, Socialist, Socialist Labor and Prohibition—probably would be left on the ballots because objections weren't raised to the petitions.

One Springfield man got his name removed from the Lemke-Thompson-Jenkins Union Progressive petition when he filed an affidavit that his signature was forged.

Union Progressive candidates entered in some congressional districts also faced disqualification because they didn't have enough signatures.

Work On Plans For Women's Club Meet

State Regional Institute To
Bring Many Women to
City, October 9

Plans are nearly complete for the state regional institute of the Federation of Women's Clubs to be held in Jacksonville, Oct. 9, at the Central Christian church. Dr. M. L. Pontius will address the institute on "Christian Citizenship."

Mrs. Roy Davenport, president of the Morgan county federation in cooperation with Miss Ellen M. Yockey, vice-president of this region, has arranged an outstanding program, which will include special conferences in charge of state chairmen. The state president, Mrs. Edward J. Lehman, will be presiding officer. Other guests will be Mrs. William Franklin Sorrell, general federation director; Mrs. Willis J. Burgess, executive secretary. Chairmen who are expected are: Junior club chairman, Mrs. Archibald Mathis, of Tamaroa; American home, Mrs. Frank B. Staley, Chicago; law observance, Mrs. Clifton K. Timmons, Chicago; conservation, Mrs. A. O. Larson, Shabbona; radio, Mrs. George Hanly Nippert, Chicago; legislation, Mrs. H. Bartling, Rockford; civil service, T. E. Byerrem, Warrenville. Two club institute chairmen will also be present to hold conferences.

Many of the speakers are women of outstanding ability in their departments and it is considered a rare opportunity to have this large number of chairmen appear on the program in Jacksonville.

All club women interested in the department work are cordially invited to attend the meetings. Reservations for the luncheon should be made with Mrs. Davenport, Alexander, by Oct. 7. The program for each session will be announced later.

Railroads Try New 'Double Deck' Pullman Cars

Double deck streamlined Pullman sleeping cars, with rooms on two levels, have been introduced for railway service between New York and Chicago preparatory to their introduction in general traffic. These cars, distinguished by the "duplex" window arrangement, are connected with new observation lounge cars, as shown in top photo. Three steps from the corridor at the side of the sleeping car lead to berths on the upper level. Arrangement of these berths is shown lower right and interior of the observation car lower left. The two cars, made of alloy steel and aluminum, are said to weigh no more than a standard Pullman.

School for Blind Opens; Enrollment Will Be Near 300

Students from Chicago Area Arrived Late Yesterday on Special Coaches

The Illinois School for the Blind opened yesterday for another year's work, with students arriving from all sections of the state by automobile and train. A number of boys and girls enrolled yesterday morning for classroom work which begins at 8:30 a. m., today, and a group of 150 students from the Chicago area arrived at 5:30 p. m. yesterday on special coaches attached to an Alton train.

Three members of the school faculty, Lowell Henry, Mrs. Charles Cox and Ronald McLean, accompanied the students from Chicago.

Robert W. Woolston, managing officer, said yesterday morning the total enrollment probably will be about 300, which will be slightly more than last year.

Two new dormitories for boys are near completion at the school, and are

expected to be ready for occupancy within a month.

Grace Church Doings

The Jubilee Singers presented a very fine program of worshipful music during the devotional period of the Sunday school. Chalmers Giffen gave an interesting talk on the Constitution. The school attendance is growing better each Sunday, the report was 353 present and the offering \$9.06.

Rev. M. M. Want was the guest preacher at the morning service. Mrs. Lee Husted was the soloist.

Both leagues held their services at the usual hour with increased attendance.

The second auxiliary met Monday evening at 7:30 p. m., with Miss Anna Mann, 223 Prospect street.

It is planned to hold a farewell reception for Dr. and Mrs. Havighurst, some evening this week. The time has not been set, but will be announced shortly. All the members of the church and friends will be urged to attend to express their appreciation of the fine service rendered by Dr. and Mrs. Havighurst.

Joe Louis, Brown Bomber, Al Ettore, Philadelphia Tiger To Fight Tonight

Philadelphia, Sept. 21.—(P)—Another of those fast experiments is scheduled in the Municipal Stadium here tomorrow night.

In the same arena in which Gene Tunney took the heavyweight crown away from Jack Dempsey just ten years ago this week, blonde Al Ettore, the Philadelphia Tiger, will attempt to do a Max Schmeling and halt the sensational rise of Joe Louis, the Brown Bomber from Detroit. The bout is scheduled for 15 rounds.

Herman Taylor, the Philadelphia promoter, of Taylor and Gunnis, assisted by Mike Jacobs of New York, look for a crowd of 50,000 and a gate of at least \$200,000. They insist only bad weather can keep the crowd below these figures.

It is Philadelphia's biggest scrap since the Tunney-Dempsey show and the Quaker city is all excited. Past boards are going like hot cakes. The town is painted with fight placards and over-run with scalpers. Two of the latter do a rushing business just across the street from headquarters of the promoters.

Ettore is a prime favorite here and most of the crowd will be local. But thousands are coming from outlying Pennsylvania towns and from adjacent New Jersey.

Most fight men look for another Louis triumph—probably within five rounds and by a knockout—but Philly fans hold an entirely different viewpoint. They are sold 100 per cent on the confident Ettore and their enthusiasm has cut the odds on Louis to 23 to 1.

Elsewhere, it is a different story. On Broadway, for instance, the betting is 4 or 5 to 1 on the Negro.

It is Ettore's big shot. Fighting only five years has forged steadily to the front. Three times he beat Leroy Haynes, once figured along with Louis as a dark menace and he also has a decision over James J. Braddock, heavyweight champion of the world.

If he should upset the dope tomorrow night, he will project himself into the front ranks of the heavyweights, along with Braddock and Max Schmeling, the No. 1 challenger.

Ettore is a cock, likeable chap who pays no attention to ring reputations and who doesn't know the meaning of the word, fear. To him the Louis shot is just another fight. He thinks he'll win in seven heats or less.

He is an unorthodox fighter. Not a dangerous hitter, he swarms all over his opponent, tossing a lot of short but provocative punches and making it extremely difficult for a slugger like Louis to pivot for a Sunday punch.

Louis wound up training at Pompton Lakes, N. J., today and will reach here by train tomorrow in time to weigh in at a radio station at high noon. The Bomber is reported in first class trim.

Last month's fight with Boston Jack Sharkey, which started him along the comeback trail, left the Bomber in such good physical shape that little hard work was required for the Ettore date. However, in his boxing sessions at Pompton Lakes, Joe has been battering his spar mates around with all his old time fervor.

BERGER INJURED

Boston, Sept. 21.—(P)—X-ray examinations disclosed today that Wally Berger, slugger outfielder of the Boston Bees, suffered a broken right hand when he was struck by a pitched ball in Sunday's game with the Phillies.

The bone was broken in three places, forcing Berger out of action for the last week of the season. The Phillies' pitcher who hit Berger was rookie Hugh Mulcahy.

INDIANS WIN

Cleveland, Sept. 21.—(P)—The American League Cleveland Indians crushed the Pittsburgh Pirates, of the National League, beneath an 11 to 2 score in an exhibition game here today. Batters and Welch hurled for Pittsburgh, while Hudlin went the route for the Tribe.

The score: Pittsburgh, 100 000 001—2 8 5
Cleveland, 110 201 60x—11 17 0
Batters, Welch and Padden; Hudlin and Becker.

Big Ten Teams In Openers Saturday

Gophers Leave For Seattle For Go With Huskies

Chicago—(P)—Six Western Conference football squads hit the "home stretch" of their pre-season training grinds today—facing games Saturday which may be the tip-off on how they'll fare on football's wheel of fortune this fall.

Probably the most concerned Big Ten mentor is Bernie Bierman of Minnesota. The Gophers, choices with Ohio State to again dominate the conference setup, left for Seattle today for a hard opener against the powerful Washington Huskies.

The Gophers, unbeaten since 1932, have demonstrated plenty of power since training began, despite the loss of seven stars of 1935. The Huskies, however, are rated highly on the coast and are given a chance by many critics of stopping the Northwestern.

Illinois entertains the Demons of De Paul and Coach Bob Zupke is expected to put numerous sophomores to the test to determine their potentialities for conference competition. The Illini may prove a surprise team this season because of those rookies. De Paul, pointed for the tilt, hopes to cause trouble.

At Wisconsin, Coach Harry Stuhldreher, with hardly any better material than was on hand at the start of the 1935 drive, will seek a victory Saturday over South Dakota State, which whipped the Badgers 13 to 6 last season.

Lawrence College opens Chicago's season on the midway field and Maroon fans will be anxious to see how Coach Clark Shaughnessy has managed without Jay Berwanger. In Berwanger's old halfback spot will be Omar Fareed, who has looked impressive in recent workouts. The speedy Ned Bartlett is expected to see much action.

Iowa, with Oze Simmons again the mainspring of the attack, will take on Carleton College. Coach Ossie Solem has been bearing on his Hawkeyes in secret practice. At Purdue the Boiler-makers, hard hit by the deaths of two regulars in a shower-room explosion, take on Ohio University. The Purdue attack is expected to emphasize speed rather than power.

Northwestern's Wildcats open a week from Saturday against Iowa and Coach Lynn Waldorf, famous for his "November teams," was hopeful of having his club at a peak for the Iowa eleven. Indiana has two weeks to prepare for Centre College and Michigan the same length of time to get ready for a tough foe—Michigan State. Ohio State's opener Oct. 3 is against New York University.

At South Bend, Coach Elmer Layden prepared to drive his Notre Dame eleven, dubious of the success his club will have Oct. 3 against Carnegie Tech.

Illinois Valley League To Get Into Action This Week

With warm-up games out of the way in at least five camps of eight teams in the Illinois Valley conference, activity in the end of September near, activity in the conference will get underway this week-end in a series of Friday games. Three conference tilts are on the schedule, and all of the league teams will be in action.

White Hall and Winchester, losers and winners in their first games, will meet at Winchester, Greenfield, undefeated as yet, will go to Pleasant Hill, which opened with Palmyra, Mo., last week, and Carrollton and Pittsfield, a loser and a scoreless victim will meet in the final conference tilt Friday night.

Jerseyville's team, which hasn't had a test as yet, will play Girard on the Jersey county field at night Friday, and Virginia will go up to Industry to attempt to get a favorable start in the Spoon River conference.

Roodhouse, one of the teams doped to loom large in any figuring of final standings of the Illinois Valley, will open its schedule Saturday against Peishan in Springfield.

Locals Play at Night
Jacksonville High and Illinois School for the Deaf are scheduled for night games Friday night, both of them out of the city. The Crimsons will aid Beardstown in dedicating its new lighting plant, and the Tigers will go to Springfield for a game with Converse High.

As a result of last week's play, Jacksonville High will go into the game with Beardstown very much as the underdog, but with a lot of valuable experience. Beardstown showed a lot of cunning and power in winning from White Hall, whereas the Crimsons couldn't get their offense clicking sufficiently enough to overcome a dose of penalties that afflicted both the J.H.S. players and the Indians.

That experience of trying to gain back yards inflicted for infractions of the rules will be beneficial to both on J.H.S. and Pittsfield. Pittsfield will need all of their yards to hold the Carrollton Hawks away from the goal line, if the Hawks are able to show the same dogged attack and defense that they displayed at Quincy.

Pittsfield's problem is going to be that of bottling up two good ball carriers in Banghart and Munzebrook. Bankhart, a powerful, 170 pound driving fullback, gave the best display of offensive running for the Carrollton team at Quincy, while Munzebrook a light little fellow, flashed brilliantly at times. Against opposition less heavy, Munzebrook may take over the major part of the ground gaining, for he flashes quickly into openings, and is hard to bring down. Bennie Early was the defensive star for Carrollton in the opening game.

Look for Razzle-Dazzle
White Hall hasn't seen the Winchester razzle-dazzle stuff, and its heavier team can look forward to an interesting afternoon. The Scott county lads, all of them small, have the courage of lions, and the agility of

monkeys. Groce, a lefthanded passer, is accurate and his receivers usually have little difficulty handling his tosses. Winchester slipped up on White Hall last year and handed them a 13-0 defeat, using some of their best pyrotechnics to capture the fray.

White Hall, however, has the power to crush its smaller opponents, if the power gets turned on soon enough. Winchester scored 49 points against Virginia, blocking well enough on one kick-off to return the ball for a touchdown.

For some reason or other, maybe it was an illusion last year, Beardstown didn't look as big to us Saturday as we expected. Coach Clyde McQueen has been slowed up getting his boys ready for the season by the heat, just as have the other coaches been slowed up.

When it developed that Beardstown had almost a veteran team, we expected to see some big heavyweights—but they weren't there. However, the Beardstown Tigers are all of the same size in the line, and are fast. They know where and how to block and execute their plays down to taking care of the safety man.

Beardstown is installing equipment to light its field for night play this week, and hopes to initiate it with a victory over Jacksonville high Friday night.

Coach Bruno Bierman has a bunch of boys who will come along this year. White Hall's grid fortunes have been down for a couple of years, but a husky line and a backfield that probably will speed up when the weather becomes a bit more moderate, are the chief reasons for expecting the Macons to come up somewhere near the top this year.

Carrollton has a bunch of scrappers, judging from their performance at Quincy, and a bunch of boys who were just beginning to find themselves when the game over there began. Their greenness went a long way toward disorganizing their offense during the game, but nothing bothered their defense. A perfect end run and a perfect pass scored two of Quincy's touchdowns, and the third came when the Carrollton lads were so tired they couldn't resist a flock of fresh men Quincy sent into the game.

The team that took our eye for courage, however, was the Winchester outfit. Drilled to get into action with a minimum of delay, the Wildcats strike before opposing linemen have an opportunity to figure out just where the blow is going to fall.

The lightest of all the teams we saw in action, Winchester tosses the football around like a softball. Laterals, reverses and forwards keep the defense worked into a frenzy. Coach Andrew Chapman is working on speed and throwing to get his Wildcats through the year, and it became ap-

Going to Be Tough, I.C. Captain Says

Vernon Ford, Back from Stay at Home, Believes Team Will Go Far

"We're going to be tough this year," Vernon Ford, crippled co-captain of the Illinois College football team declared yesterday afternoon while he tossed his crutches around, and watched the squad go through some of the training which Coach Ray Nusspickel hopes will put the team in shape to win from the Wabash Little Giants when they come here Saturday to play one of the two home games on the I.C. schedule.

Ford, who was put out of commission for at least two more weeks when he suffered a peculiar knee injury a little over a week ago, believes this year's team will go far. He's banking on the marvelous spirit the whole squad has shown thus far in making his prediction.

Coach Ray Nusspickel, on the other hand, isn't so optimistic about the success of the team this year, but he is bubbling over with pleasure about the spirit the boys have shown thus far. Nusspickel points out that Nick Watts, a regular full-back, hasn't shown up for football, and that Kenneth Mann, one of the most dependable quarter-backs and a good open field runner, likewise hasn't reported as yet. Both boys were on last year's squad and played in a lot of ball games.

Nusspickel is bringing the whole squad along for the opening game with the Little Giants, without favor to anyone. He works two teams every afternoon, and really works them. He had his most cheering news when Elmer McVard, 200 pound tackle, reported for work after a rumor had spread that McVard wouldn't be back in college.

Yesterday Nusspickel spent a large part of the time perfecting a defense against forward passes. There'll be more of this work during the week, but tonight the varsity is scheduled to take a fling at the freshman eleven, which Athletic Director LaRue Van Meter and Willis Munger are bringing along.

Lorenz and Hartung working in one pair, and Waller and Jones, working as another pair, shape up as the prospective ends. Pittman, a West Frankfort lad, is also working for one of the wing jobs.

McVard dropped into a tackle position along with Mike Zupich, Roulston and Patterson and Steve LaRue, although LaRue wasn't able to do much work as yet because of a rather severe illness from which he recovered just before practice began.

For guards, Coach Nusspickel has transformed one backfield man, Bluthardt, a Chicago boy, and Ballard, a Jerseyville lad, who appear to have starting positions within their grasp. Roger Prossie, Virden, and Bill Johnson, Roodhouse, are other guards who probably will get some action during the season.

Leon Bendel has the center position about sewed up, and will have to work at it when Bill Jones is playing an end. Jones is the only reserve for a center position who has showed up thus far. Tony Donat, who led last year's eleven, and Al Lambaiso, better known as "knee-high" are the quarterbacks under this year's arrangement, although Lambaiso also has been taught all of the work for a guard position. The missing Ken Mann also is a quarterback.

Co-Captain Ray Smith and Russell Spehr are the apparent starters in the halfback positions, with Lamont Bell, Art Frey, Frank Kalteaux and Rodgers as other possibilities.

In the tailback positions, Nusspickel has been training four men, all of them capable ball handlers. Lambert, baseball pitcher, Willie Wilton, Sam Mangieri, and Clem are all possibilities, with Lambert appearing to have the inside track right now.

Frank Plays In Southpaw Match

St. Louis, Sept. 21.—(P)—Displaying none of the traditional erratic tendencies of southpaws, Howard Creel of Pueblo, Colo., added an afternoon 70, one under par, to his morning par 71 to win medal honors in the 36-hole qualifying round today of the first national left-handed golfers' tournament.

Creel, whose reputation as the country's leading left-handed amateur made him a favorite from the start in the tournament, shot two birdies and 14 pars in his morning round. During the afternoon 18 holes, he had three birdies.

Creel so dominated the field that his nearest competitor was 9 strokes back of him.

Sam Arnold of Kirksville, Mo., came in just before sundown with a 74, which, with his morning 76, gave him 150 for second place.

Playing steady golf to add further proof to the falsity of the erratic tradition, Spencer Brainard of New Haven, Conn., the New England champion, put together two 76's for a total of 152 against Creel's 141.

An unheralded golfer from Winchester, Ky., Dr. W. J. Winburn, inserted himself into the competitive picture with 76-79 for a total of 156, while Kenneth Fitzgerald led the St. Louis contingent with 156.

From Creel's 141, the field stretched out in back of him as far as the 211 of Omar Davidson of Detroit. Even at that, Davidson was far from erratic. He shot 111 on the first 18 and 100 on the second.

Walter L. Frank, Jacksonville, Ill., shot 93-90-183.

parent that he is going to cause quite a bit of worry before the season is over with a bunch of little fellows who have the courage.

Billy Herman's Wild Throw On Double Play Ball In 9th Shoves Winning Run Across

Chicago, Sept. 21.—(P)—The battling Gas House gang from St. Louis bounced back into second place in the National League today by licking the Chicago Cubs, 5 to 4, and at the same time further aided the New York Giants championship cause.

The Cardinal triumph, achieved with the aid of an error by Billy Herman in the ninth inning, left them six full games behind the Giants, while the Cubs another half game back. The Giants need to win only two of their remaining eight games to finish ahead of the Cards, even if the latter should win their final six. The best the Cubs could do would be a tie if they won their five remaining contests while New York lost eight.

Herman's error, a bad throw on a double play set up in the ninth, ruined a brilliant stretch of relief pitching by Collins, who replaced Tex Carleton after the Cardinals had scored three times in the third. Leo Durocher opened the final inning with a single, and advanced on Don Guttridge's sacrifice. Virgil Davis was intentionally walked to set the stage for a double play. The Cardinals countered by sending Jim Collins, who won the second game of the series with a home run with the bases loaded, to bat for pitcher Jim Winford, and Chick Fullis to run for the not-so-foolish Davis.

Collins hit a double play ball to Durocher, who forced Fullis at second, but Herman threw the ball into the dirt past Phil Cavarretta and Durocher scored with the winning run. The Cubs encouraged the 10,116 spectators with a final desperate effort in their half of the ninth, when Cavarretta opened with a double and went to third on Herman's sacrifice. Frank Demaree walked, and Ed Heusser, who had replaced Winford, was Yanked in favor of Dizzy Dean. Cavarretta was trapped between third and the plate on Hack's bouncer to Guttridge, and Gaby Hartnett ended it with a fly to Terry Moore.

A walk to Joe Medwick and singles by Durocher and Davis, gave the Cards a run in the second but the Cubs went ahead in their half, scoring twice, on Demaree's single, and the first of Hartnett's two doubles, and errors by Winford and Art Garibaldi. The Gas House gang scored three more in the third via Moore's doubles and singles by Pepper Martin, Medwick and Johnny Mize. Stan Hack's

single, Hartnett's single and an in field out gave the Cubs another in the fourth, and they tied it up in the fifth when Hack walked and raced home on Hartnett's double.

The Cubs not only dropped to third place, but left themselves work to do to keep out of fourth. They finished the day two games ahead of the Pittsburgh Pirates, with whom they open a three-game series tomorrow.

Dodgers Defeat Boston Bees 7-1

Boston, Sept. 21.—(P)—Fred Frankhouse's side-arming baffled the Bees today and stopped them with six hits, as the Brooklyn Dodgers fired a 14-hit barrage for a 7 to 1 victory.

The win was Frankhouse's 12th of the season against ten defeats. Tiny Chaplin, who started for the Bees and was unable to get farther than two out in the first inning before he was shelled from the mound, was charged with his 15th loss.

Jack Winsett, the Dodger rookie outfielder, led the hitting attack, getting two doubles and driving in four runs. Nick Tremanick and John Cooney each had three singles to share the spotlight.

The Bees got their only run in the first inning on a walk and singles by Rabbit Warstler and Tony Cuccinello. The Dodgers really sewed up the game in the first frame with a three-run attack on five hits, including Winsett's first double. They got another run in the fourth on singles by Tremanick and Cooney, and finished up with a three-run spurge in the sixth with Winsett's second twobagger and Joe Stripp's double sending the runs in.

Score: Brooklyn, 300 103 000-7 14 0

ALL STARS WIN AND GIRLS LOSE SUNDAY

Jacksonville All-Stars defeated the Brickey team of Jerseyville Sunday night at Nichols Park under lights 6 to 3, but the Dodge Beauty Girls dropped 6 to 5 game to a team from Hannibal, despite the fact that they outthrew their opposition.

Moody limited the Jerseyville team to four hits, and struck out 14 men. The locals made eight hits off R. Brickey, who struck out 9 men.

The Dodge Girls made 12 hits to eight for the Hannibal team, but couldn't get blows at opportune moments.

HOLE IN ONE

Del Monte, Calif., Sept. 21.—(P)—Paul Winslow of Pebble Beach, Calif., made a hole in one on the seventh at the Cypress Point Golf course exactly a year ago. He repeated the feat today on the same hole. It is a par 3 of 155 yards.

Mr. and Mrs. John Ruskwinkle of the Murrayville community were visitors in Jacksonville yesterday.

Hearst, Accused of Saying President Received Support of Alleged Enemies of U.S., Makes Reply.

BROWDER SPEAKS

New York — (AP) — William Randolph Hearst, 73-year-old operator of 25 newspapers, published today "a reply to the president" in which he said he had shown Mr. Roosevelt receives "the support of xxx enemies of the American system of government."

The thousand-word statement was

cabled by the vacationing Hearst from Amsterdam, a day after the White House in a statement said "a certain notorious newspaper publisher" was attempting "to make it appear that the president passively accepts the support of alien organizations hostile to the American form of government." The memorandum said "such articles are conceived in malice and born of political spite."

Hearst's "reply" followed his newspapers' publication of an article asserting Russia and the Communist party of the United States were taking part in the presidential campaign "on the side of the New Deal."

The White House made no comment beyond its original statement, but Earl Browder, Communist candidate for president, said:

"The Hearst-Landon campaign must indeed be weakening if it needs such desperate lies to bolster it up."

Browder recalled a May 30 speech in which he said "we do not commit ourselves to Roosevelt" through "a united front with workers who support Roosevelt."

"We do not and will not take any responsibility for" Roosevelt, Browder said he asserted at that time.

A sidelight arose in Pittsburgh, where Hearst-operated Radio Station WCAE announced it would carry three subsequent radio addresses by Browder after canceling a network broadcast by the Communist candidate Aug. 12. An official of the station

Step Out of the Crowd

Discriminating men want clothes that are styled and tailored ahead of the regular trend in men's suits. That description exactly fits our new offering of CAPPS' Suits for fall.

It's hard to tell when you buy a suit—whether it contains those "hidden values" that make it a good investment. Is the fabric of good quality—or does it merely look good? Is the styling superficial—or built in to the suit to stay? Does good workmanship extend to the inner construction of the suit where you can't see it?

These are points for which you must depend on the integrity of the maker. They are reasons why the Capps' label means so much in the suit you buy.

Since 1839—almost 100 years—Capps' have been building the kind of quality into clothes that attracts more and more men to the Capps line.

Come in and see our new selection of Capps' Suits for Fall. You'll find outstanding styles and models, a beautiful choice of materials at prices you can afford. P. S.—If you are hard to fit, take advantage of our special measure service.

said counsel had advised acceptance of the broadcasts in view of communications act provisions requiring "equal opportunities" of the air for all candidates for public office.

Hearst in his "Reply to the President" expressed a desire to "correct Mr. Roosevelt's misstatements." "I have not stated at any time whether the president willingly or unwillingly received the support of the Karl Marx Socialists, the Frankfurters, radicals, Communists and anarchists, the Tugwell bolsheviks and the Richberg revolutionists which constitute the bulk of his following," the former congressman asserted.

"He was no sooner elected that he x x x adopted the Karl Marx Socialists in almost every word and letter. x x x Mr. Roosevelt compelled the recognition of the bloody dictatorship of Stalin in Moscow. x x x Mr. Roosevelt must know that the bolshevik tyranny openly proposes to secure the overthrow of the American system of government by the boring from within which Professor Frankfurter preaches, the 'surgings forward' of the workers and the farmers' which Mr. Tugwell advocates, and the active and actual revolution which Mr. Richberg hails as here."

Hearst in the introduction of his statement said:
"x x x I think I am justified in assuming that I am the object of the (White House) statement, and that I may courteously endeavor to correct Mr. Roosevelt's misstatements and set him right."

Local Man's Car In Accident Sunday

Ray Lane Not Injured When Cars Collide; One Man Has Fractured Nose

White Hall.—Victor Pendt of Carrollton was able to leave White Hall hospital and return to his home at Carrollton Monday after receiving treatment for injuries suffered Sunday night in an automobile collision near here. Two other persons were treated by a physician, but did not require hospital care.

The accident occurred when cars driven by Mrs. Madison Smith of Alton and Ray Lane of Jacksonville collided head-on, four miles south of here. Riding with Lane were Pendt and George E. Baruxen, both of Carrollton. In the Alton car were Mr. and Mrs. Smith, Mr. and Mrs. Lyle Hawkins, and four Hawkins children, all of Alton.

Pendt was removed to the hospital with a fractured nose, cuts and bruises. Mr. and Mrs. Smith were treated at the office of Dr. W. T. Stickley of this city. The Jacksonville man was not injured.

Scott Woman's Club Holds Meeting At Winchester Hall

Dean Williams Addresses Group; Other News from Winchester

Winchester, September 21.—A general assembly of the five apartments of the Winchester Woman's Club met this afternoon at the Kiwanis Hall. Miss Virginia Hainsfurther, president of the club presided over the meeting. Miss Hainsfurther gave the welcoming address, and introduced the speaker for the afternoon, Miss Clara Williams, Dean of Women at Illinois College. Miss Williams topic was "My Vacation Experiences of the Past Summer", and dealt with the experiences she and a group of eight girls encountered on a trip to England, where they spent two weeks. Miss Williams gave picturesque descriptions of the English life and customs, and described Cambridge University, the beautiful Kamm river, the City of Cambridge, the gardens, chapels and libraries. She also told of the formality of the College life in England.

Miss Williams was fortunate in being present at a tapestry factory at the time a piece of tapestry was being made for the King of England. The group attended an afternoon tea at which 20 different countries were represented and the chief speaker of the afternoon was a native of France. She was most impressed by Cambridge University and its activities.

Mrs. LaRue Van Meter of Jacksonville was also a guest of the meeting. At the conclusion of the program, a social hour was enjoyed and refreshments were served by the members of the program committee, who were in charge.

SPANISH REBELS MOVING RAPIDLY TOWARD MADRID

(Copyright, 1936, The Associated Press)

Talavera De La Reina, Spain (Delayed).—By Courier to Franco-Spanish Border—Massed forces of the Spanish government failed today to halt the drive of Gen. Francisco Franco's insurgent army, menacing Madrid along the Mañica Maqueda highway.

Split into four columns, the insurgents expected to seize Maqueda, key point on the highway, in a matter of days, and then march down the forty-five miles of excellent roadway to Madrid.

Government reinforcements constantly were coming up, but the defenders were unable to hold their lines against constant charges by Franco's tanks and raids by his airplanes.

The government armies left fields littered with dead as they fell back on Maqueda for a desperate stand.

Madrid's air fleet countered the Franco offensive with a bombardment of Talavera, three government planes dropping seventeen bombs on the city before seven insurgent pursuit planes could take off.

There were no casualties in Talavera and the pursuit planes were reported to have shot down one government machine.

This was the first air attack on Talavera in five days. It occurred on Saturday, only an hour before General Franco arrived from Caceres to confer with Colonel Yague.

The driving insurgents occupied all territory halfway between Talavera and Maqueda in their fierce assault on retreating government militiamen.

Toledo, Spain.—(T)—Thousands of government soldiers, organized into bombing squads, surrounded the tazed Alcazar today for a decisive "no quarter" assault on besieged Fascists.

Government commanders decided on an infantry attack on the crushed fortress in whose caverns the self-imprisoned insurgents were concealed after dynamite and gasoline failed to drive the Fascists from the ruins.

A steady stream of machine gun bullets and hand grenades flowed from the insurgent positions behind shattered columns and in debris-strewn halls of the ancient fortress.

Saint Jean de Luz, France.—(F)—Spanish insurgents, in a victorious push toward Bilbao, captured Aspetia, seventeen miles west of San Sebastian, diplomatic dispatches said today.

Aspetia, stronghold of Basque Nationalists, fell easily before the Fascist and Carlist militia. The insurgents swept on toward Azcoitia, while another column besieged Monricon.

W.P.A. EMPLOYEES TO HOLD JOINT SESSION

The employees of the W.P.A. recreation project of Morgan and Scott counties will hold a joint session today at the Y. M. C. A. building on West State street. The meeting will be in charge of area officials. An outline will be given for a constructive program for the next three months.

Meetings of this type will be held over the entire state in order that similar types of activities will be carried on by the county projects at the same time.

Much interest is being shown in Waverly where the W.P.A. recreation committee has secured two rooms for use as a recreation center and Boy Scout headquarters. These rooms are being put in condition and should be ready for use by Friday of this week.

PLAN HISTORICAL SOCIETY MEETING

Dr. James A. James, president of the Illinois State Historical society, has appointed Dr. Carl E. Black of Jacksonville, member of a committee to arrange for the meeting of the society next May in Galesburg.

Other members of the group are Dr. J. I. Conner, Knox college, Galesburg; Dr. O. P. Ander, Augustana college, Rock Island; Logan Hay, Springfield, and Paul Spinbrecker, Chicago.

The committee will meet at an early date to consider preliminary plans for the 1937 historical gathering.

SIGMA PI SOCIETY ENJOYS PROGRAM

Sigma Pi, oldest men's literary society at Illinois College, met last night in its rooms on the upper floor of Old Beecher. President Don Hadley, of Springfield, was in the chair. More than fifty members, alumni and freshmen were present to hear the following program:

Declaimer: A. Johnson, Poems of Eugene Field.

Reader: Ray Becker, Essay, Original Short Story: Johnson Kanady, The Mourner.

Extemporizer: Robert Fay, The Value of Societies in College.

A number of alumni gave short speeches in the lounge smoker that followed. They included Dr. George Baxter, Chicago, president of the board of trustees; and Walter Bellatti, Jacksonville, member of the board. President H. C. Jaquith also addressed the society briefly.

The society then adjourned to a downtown restaurant for refreshments.

PHI ALPHA SOCIETY HOLDS FIRST MEETING

Phi Alpha, men's literary society at Illinois College, held its first meeting of the year last night in Old Beecher Hall. A number of alumni and freshmen were present. Following the formal program, a smoker was held in the lounge rooms. Coffee and doughnuts were served.

The program: Essayists: Alvin Art and Quantity; Rockwell, Going Down.

Declaimers: Molen, The Trial of Barrow; Donat, The Brutalization of the Masses.

Reader: Smith, The Last Mile.

Neal Henry was in the city yesterday from Milton.

Kay is assigned to the western division of the service. MONTE BLAINE, apprentice pilot, pays her marked attentions. Monte is a daring, romantic, but Kay is more interested in Ted. She and Dickie, Ted's adopted 7-year-old son, become close friends.

Ted leaves on a flight across the Pacific. When he returns Kay and Dickie are waiting for him. Ted asks Kay to have dinner with them, but the Japanese servant has nothing in the house to eat except canned beans. Kay herself prepares the dinner, is pleased at Ted's compliments.

NOT GO ON WITH THE STORY CHAPTER XI

TED's courtship—if such it could be called—was the strangest Kay had ever known. He made it quite plain that he wasn't interested in matrimony. Nevertheless, she was attracted by his air of quiet resolution; even when she rebelled against it, she could not resist this attraction.

She admired him, loved him. One seemed inseparable from the other.

Monte Blaine was always about and tried to see her whenever she had a free moment. She refused his invitations steadily, but if Ted had any plans that included her, she always accepted.

He had come back from his last trip to the Orient with a new, inspired look in his eyes. Kay observed it as soon as the ship came in. She had been waiting at the quay to see him, to tell him that she couldn't get leave for Dickie from military school this time.

"Sorry the little shaver couldn't come down to see us make port," Ted said. "But I'm glad of one thing—I'll be able to see you alone tonight. You look simply swell."

"Thank you!"

"What time will you be free to go to dinner?"

Kay hesitated. It was Doris Lee's last night in Oakland for a long while, and Kay had allowed Doris to prepare dinner for the pair of them.

"I don't know, Ted," she said. "I promised Doris—"

"Oh, Doris is a good gal!" he said, laughing. "She has a heart of gold, but I can't let her get in my way."

Kay laughed. "Doris is the best friend I have. Lots of people don't appreciate her. She's grown a shell about her, like a turtle. Back east she fell in love with one of your apprentice pilots, Ralph Bangs, but she doesn't trust him any more. Says he has a girl in every port."

He went on, speaking of his ideals and aspirations in life. There had been a time, he explained, when he had been impulsive, reckless in the air. That was when his young wife had died, 15 years ago. Since that time a life of danger had left its mark on him. It wasn't just maturity. Scientific planning for real progress in the air had changed his nature.

HE showed her, too, a map of the world flight, called "Around the World in Twenty Days." It included a regular commercial time-table flight around the world, in which the Trans-Pacific Airways was to play a major part.

Ted didn't talk much about his own part in all this achievement. He talked a lot about the engineers, the new direction finders, the designers and mechanics.

S.E. WIND BLEW, N.W. WIND BLEW. Uproots, Damages Tree. Then Another Blow Sets It Upright

Princess Anne, Md.—(P)—Farmer Clark Bailey's patience was rewarded when the fringe of a hurricane whipped his farm last week.

In 1933 another hurricane, blowing from the southeast, partially uprooted a young walnut tree in his barnyard, leaving it leaning at a 45-degree angle to the northwest.

Last week when strong northwest winds swept Bailey's farm yard the tree was blown back upright.

New Homes on Florida Keys Defy Hurricane Terror

In less than a year after a fierce tropical storm ripped through the area, bringing death to nearly 700 and destroying many homes, inhabitants of Florida's Matcumbe Keys already are moving into hurricane-proof, five-room houses, as shown above, leaving behind their dread of the destructive seasonal gales. Pending construction of others, 29 houses already completed will serve as storm havens for the 90 families on the Keys. Built by the Red Cross and WPA, to withstand the stoutest storm, the homes have 12-inch walls of concrete and steel, anchored into coral. The first five feet above ground encloses rain-water cisterns, for both water supply and resistance to wind and wave pressure.

Susan E. Grady Is Called By Death At Her Home Here

Jacksonville Resident Dies Monday After Long Illness

Mrs. Susan E. Grady, widow of Joseph M. Grady, passed away Monday afternoon, at 5:45 o'clock, at her apartment, 216 West College avenue. Mrs. Grady had been in failing health for some time, but her death was unexpected.

She was the daughter of Mr. and Mrs. William Holmes, and she was born in the Sinclair community, February 19, 1859. She was married to Mr. Grady in 1879. He died in 1929. She is survived by three children, James T. of Ashland; Mrs. Nellie Covel of Kansas City, Mo., and Charles E. Grady of Jacksonville. One son, Harry Lee, died in the service during the World War. Mrs. Grady also leaves the following brothers and sisters: George and Charles Holmes, Kirkville, Mo.; William of Virginia; Thomas of Ashland; Mrs. Lydia Keltner and Mrs. Abbie Flynn of the Yatesville community and Mrs. Maymie Robinson and Mrs. Effie Taylor of Jacksonville. Two sisters, Mrs. Della Hubbs and Mrs. Josephine Zirkle preceded her in death. She also is survived by six grandchildren and 14 great grandchildren.

The body was taken to the William-Funeral Home. Funeral arrangements are incomplete.

Kincaid Woman, Missing Since June, Found Here

Man Finds Wife Thought Murdered On North West Street Monday

Mrs. Hazel Dees missing from her home in Kincaid, Ill., since June 26 of this year, was located here yesterday by her husband, Ernest Dees, who told local authorities that he had consistently searched for his wife since her disappearance. Despite his search for her it had been strongly hinted in Kincaid that she had been murdered and Dees was anxious to clear this suspicion.

Mrs. Dees is reported to have been staying at the home of Roy Hiles on North West street for nearly three months under the name of Hazel Manning. Yesterday she sent a telegram to her husband telling where she was.

Dees arrived here last night and with local authorities went to the Hiles home where she was found. She was taken to the county jail here and will be taken to Christian county today by the sheriff of that county.

According to Dees story his wife left home June 26 and although he had searched for her he was unable to find her until he received the telegram. Neighbors had suspicions that Mrs. Dees had been murdered. Dees told officers here. He told a story of his basement having been dug up in a search for his wife's body.

Dr. Eugene Blair Of Waverly To Be Guest of Honor

G. V. Black Dental Society To Pay Tribute To Waverly Dentist

Eugene K. Blair, D. D. S., will be the guest of honor tonight at a meeting of the G. V. Black Dental Society in Waverly, commemorating his sixty years practice in that community. A number of out of town dentists, physicians and friends of Dr. Blair will be present. The dental society includes a number of central Illinois counties of which Morgan is the center.

Dr. Blair was born in Bunker Hill, Illinois, February 21, 1856. He graduated from the Missouri Dental school and St. Louis Medical colleges, now the dental department of Washington University, at St. Louis, Missouri, March, 1875. After practicing one and one half years at Litchfield, Illinois, he moved to Waverly, Sept. 20, 1876.

His service in the dental profession is distinguished not only by a long and successful practice, but by national recognition. He is a member of the American, Illinois State Dental, and G. V. Black district societies. He was elected president of the Illinois State Dental society in 1933, and also served on the executive council of the National Dental association representing the Mississippi Valley. He was elected a member of the Illinois General Assembly in 1888.

Dr. Blair is a member of the Congregational church, I. O. O. F., and K. of P. lodges. He is interested in farm properties in Morgan and Sangamon counties. He has served in Waverly as president of the High School board, member of the City Council and was secretary of the Waverly Public library board for twenty-six years.

Dr. Blair, professional friend and neighbor of Dr. G. V. Black, father of Dr. Carl E. Black of this city, presided at the testimonial banquet tendered him at the Dunlap Hotel by the medical, legal, ministerial and dental professions of Jacksonville prior to his moving to Chicago. Dr. Blair was also a member of the committee, appointed by the State Dental society, who erected the monument to the memory of Dr. Black in Lincoln Park, Chicago.
